

1200 x 1200 x 1336 mm

83 kg

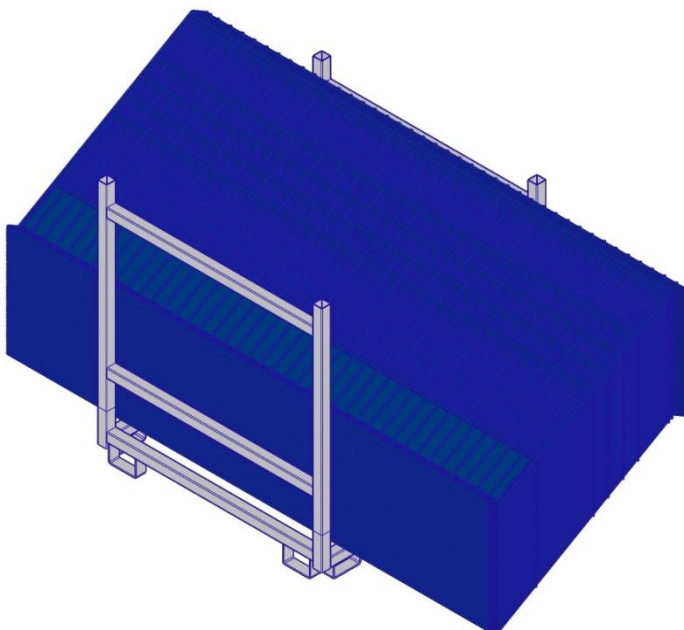

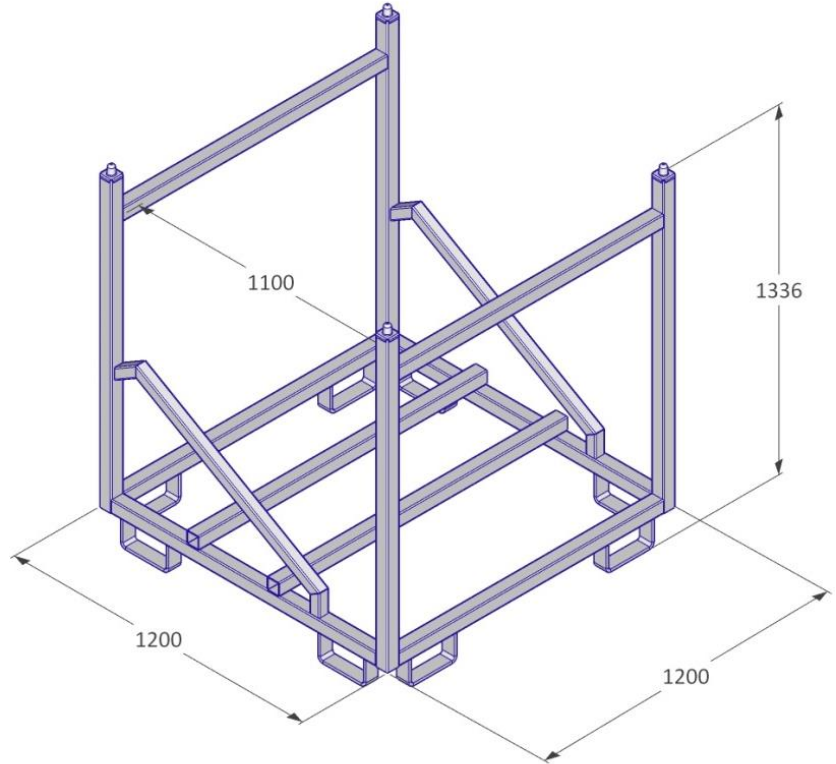

Steel / HDG

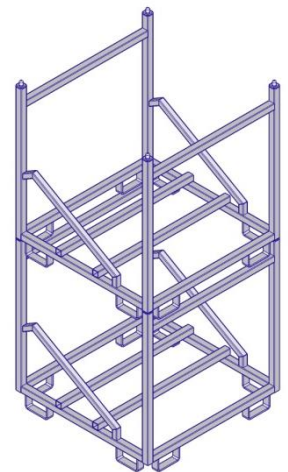

Description

In this box, 60 diagonally stacked Vivatec Barriers can be transported space-savingly and safely.

Two Barrier Frame 60 can be stacked easily. The welded-on steel heads on the four vertical posts of the Frame simplify the stacking process.

mm

General Safety

Health and Safety Regulation should be followed at all times. For more information → viva-tec.com/safety
