

1500 x 44 x 35 mm

4,2 kg

Steel / HDG

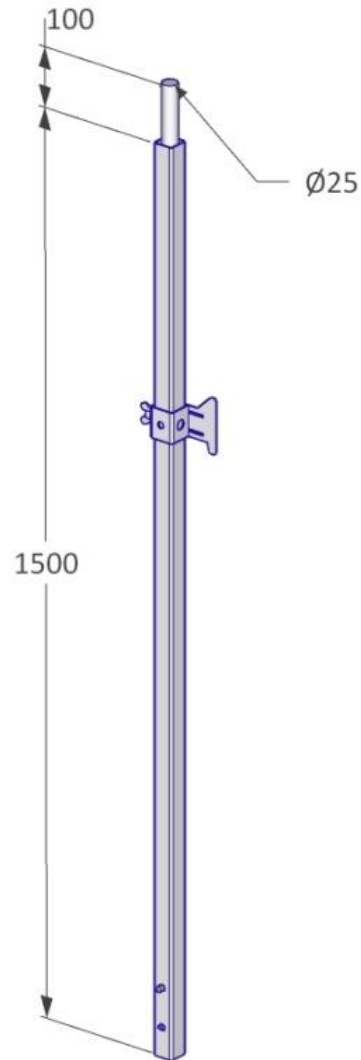

Description

This post has been developed for permanent use with the Vivatec steel mesh barrier.

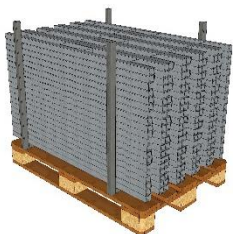

Thanks to the hot-dip galvanized surface durable and equipped with the Easy Snap, the VT French Post snaps securely into the post attachment and, in combination with the steel mesh barrier, forms an easy-to-install edge protection.

The VT French Post allows both ends to be used, both in conjunction with a cast-in sleeve and with a Vivatec post attachment.

The VT Slider to hold the mesh barrier is included in the scope of delivery of the VT French Post.
