### Description

Up to a ceiling height of 3800 mm, the Vivatec Catch Fan can be comfortably assembled by pulling out the base support extension. Larger than 3800 mm, the base support extension secures the Catch Fan with the Vivatec Kneebrace under the edge of the ceiling.

The VT Kneebrace therefore widens the field of application for the Catch Fan. Because of that a safe assembly is also possible at a building with high ceilings.
